Submission: Objection

Comments: I am very concerned about this application adding in a new business stream on top of what on the face of it is a resubmission of the original application for stable blocks.

I am most concerned about the dog field venture - the proximity to neighbours and the noise that it creates will be intolerable to them. I am also concerned about the parking and access onto the A52 which is a very fast road at that location, and the increase in vehicle movements will become a big issue.
