Submission: Objection

Comments: I wish to strongly object to the latest planning application. The area covered by the glamping pod although reduced in size does not mean that the whole area will not be used for recreational purposes. therefore I see no difference between the previous application and this one. A considerable amount of damage to the field has already been carried out, which should be rectified, with the Shepard's/clamping pod being removed. I would also like to add that the changes made to the Agricultural Building be removed and returned to the design of the original approved plans.
