

Conservation Roof Windows ^(CW)

The Keylite Conservation Roof Window is designed to complement both renovation and new build projects in a traditional style.

The black central glazing bar and low profile external flashing maintain the traditional character of the building, whilst still accommodating the flow of natural light to the interior below.

Features

▲ Classic Design

While traditional in its external appearance, the standard Conservation Roof Window benefits from all of the advanced Keylite features including thermal efficiency, low maintenance and ventilation control.

► Centre Pivot

Centre Pivot Conservation Roof
Windows available in Pine or White Finish.

▼ Top Hung

Top Hung/Fire Escape Conservation
Roof Windows available in Pine or
White Finish.

Thermal Performance

Only Keylite windows have an Integrated Thermal Collar, Warm Edge Glazing and a Recessed Fit as standard, leading to enhanced thermal performance.
