Dear Sir/Madam

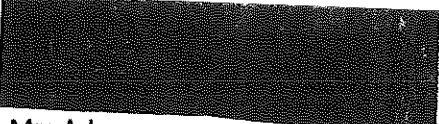

Having read the above application, I would like to support the proposal of two new houses on the site of Hallscroft.

The application is in keeping within the village of Rudyard and will help towards the much needed housing stock for the area.

I cannot see why there would be any reason to refuse the application and it should be viewed upon as infill.

I would like my comments to be shared with any relevant persons that are dealing with this application and for my opinions to be disclosed at any meeting in connection with the application. A copy of this letter has been sent to Cllr Norma Hawkins.

Yours sincerely

Mrs A James
